FROM \$1.00 up received on savings deposits. J. R. TWELVES, Cashier.

Who Will Go to China?

The cashier of the Second National bank of Altoona, Pa., has gone to Japan, carrying away a heavy bale of the assets of that institution, possibly with the intention of helping out the island people financially in their present crisis. To make things even some other cashier ought to run away to China with a like amount to bolster up the fiscal system of the pigmies. It would be hard on the home depositor, but that type of cashier is superior to such narrow and local interests. The case presents a variety of considerations, as the last one of the kind did and the next one will, but it seems useless to enlarge upon them.—New York Tribune.

A Strike Mail Route.

Talk about red tape! The recent strike was productive of some remarkable specimens. Mail matter from this place to Rosedale has to go via Jewetta, and it cannot be sent in any other way. As the trains to the north were blocked, while there were one or two south bound, Postmaster Miller, acting under instructions, sent mail matter for Rosedale to Los Angeles, where it was transferred to San Pedro, took the steamer to San Francisco and finally was taken to Jewetta by train and thence to its destination, just eight miles from where it started.—Bakersfield California.

Pope Leo's Mistake.

The pope is said to have made an awkward and amusing mistake when Mr. J. G. S. Cox, editor of The Tablet, London, was presented to him. Catching of the words of introduction only the announcement that his visitor was the editor of a celebrated English paper, the pope, with a radiant smile, said, "If Punch." The pope is pardonable if he doesn't read all the religious papers sent to the Vatican.—Boston Transcript.

The Modern Beauty

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant liquid laxative Syrup of Figs.

The natives of Lucoa, in Italy, assert that the scorpion will destroy itself if exposed to a sudden light, and a writer in Nature said that his informant and her friends, while residing during the summer months at the baths of Lucoa, were much annoyed by the intrusion of small black scorpions into the house and their being secreted among the bedclothes, in shoes and in other articles of dress; that they soon became adepts in catching the scorpions and disposing of them in the manner suggested. "This consisted in confining the animal under an inverted drinking glass or tumbler below which a card was inserted when the capture was made and then waiting till dark, suddenly bringing the light of a candle near to the glass in which the animal was confined. No sooner was this done than the scorpion invariably showed signs of great excitement, running round and round the interior of the tumbler with reckless velocity for a number of times.

"This state having lasted for a minute or more, the animal suddenly became quiet, and turning its tail, or the hinder part of its body, over its back, brought its recurved sting down upon the middle of the head, and piercing it forcibly in a few seconds became quite motionless, and, in fact, quite dead. This observation was repeated very frequently.

—In truth, it was adopted as the best plan of getting rid of the pests, and the young people were in the habit of handling them with impunity immediately after they were so killed and of preserving many of them as curiosities." It is known that scorpions kill themselves when surrounded by a ring of fire.

Our National Air.

In reading accounts of the yacht races I noticed that the English bands could not play an American national air because "God Save the Queen" and "America" were the same. I have never found the reason why "The Star Spangled Banner" should not be our national air. I have heard them all played by the best bands in the country, and there is none which sends a thrill of gratitude at being an American through me so as that grand finale:

And the star spangled banner in triumph does wave.

Over the land of the free and the home of the brave.

—Carlos in Boston Traveler.

Knights of the Maccabees.

The State Commander writes from Lincoln, Neb., as follows: "After trying other medicines for what seemed to be a very obstinate cough in our two children, we tried Dr. King's New Discovery and at the end of two days the cough entirely left them. We will not be without it hereafter as our experience proves that it cures where all other remedies fail."—Signed F. W. Stevens, State Com.—Why not give this great medicine a trial, as it is guaranteed and trial bottles are free at Smoot Drug Co. Regular size 50c. and \$1.00.

Notice to Bee Keepers.

Geo. W. Mickel of Provo has commenced making honey and will be prepared to furnish them for the coming season in any quantity of first and second grade and at prices that will save money to all users of this class of goods. Those interested are especially invited to call and examine the goods or send for sample which will secure prompt attention.

"How Well You Look"

Friends Surprised at the Wonderful Improvement.

"C. I. Hood & Co., Lowell, Mass.:

"Dear Sir:—I take pleasure in writing the good I have received from taking Hood's Sarsaparilla. Every spring and summer for six years or more, my health has been so poor from heart trouble and general debility that at times life was a burden. I would become so

emaciated and weak and pale that my friends thought I would not live long. I could do scarcely any work at all and had to lie down every few minutes. I began getting worse in January, losing my flesh and feeling so tired. I thought I would try Hood's Sarsaparilla and I am happy to say I am in better health than I have been for a number of years. My friends remark to me: 'Why how well you look.' I tell them it is Hood's Sarsaparilla that has done the work. I would have all suffering humanity give this medicine a trial and be convinced. This statement is true to the letter." Mrs. JENNIE DECKER, Watseka, Ill.

Hood's Pills cure liver ills, constipation, biliousness, jaundice, sick headache, indigestion.
